New for 2024

We are happy to offer coverage for surgical dental implant services on our Cigna Dental Care/DHMO Plan for 2024. The expanded coverage includes surgical placement of implants as well as some additional diagnostic and surgical services that may be recommended that go along with dental implants. Dental implants provide another treatment option for the replacement of missing or lost teeth. Ask your dentist if dental implants may be a viable alternative for you.

See applicable copays for surgical dental implants in the Patient Charge Schedule on page 39–40.

2024 Cigna Dental Care (DHMO) plan

FLEXIBLE
BENEFITS
FOR YOU

BENEFITS	WHAT IT MEANS TO YOU
Fixed copays	You pay the fixed dollar amount for the covered services listed on the Patient Charge Schedule (PCS) when you enroll in the Cigna Dental Care® plan. And most preventive care is covered at 100% with no copay required.
Cigna Dental Care Access Plus network (DCAP)	Offers access to a network of dentists and facilities that are convenient to your home, work or school and have contracts with Cigna to deliver services at a negotiated rate (discount). Reference the Georgia County Cigna Dental Care map for an expanded view of the county network access available.
No deductibles or waiting period	There is no deductible you'll need to pay out of pocket before your dental plan begins to pay for covered dental care costs. And no benefit waiting period to satisfy before you can begin coverage. Simply visit a network dentist and pay the copayment for service listed on the Patient Charge Schedule.
No calendar-year or lifetime dollar maximums	With the Cigna Dental Care plan, there are "no dollar maximums" or limits on what your plan will pay for your dental claims during the plan year.
No charge for most preventive services	Preventive services include exams, X-rays and routine cleanings. When there is a cost, you'll pay only the set amount (copay) for services covered by your plan.

Please note: The Cigna Dental Care Access Plus Network service area includes 18 counties in the metro Atlanta area, Macon, Augusta and Savannah. See the service area map on page 5 to make sure the Network is available to you.

Cigna Dental Care[®] DHMO Access Plus Network
Georgia

Finding a network dentist near your home or office is easy. Just look inside. For the most current information on network dental offices in your area, search the online directory at **Cigna.com** or call the Dental Office Locator at **800.CIGNA24 (800.244.6224)**. Directory is subject to change.

The dentists in this directory are private-practice, credentialed independent professionals dedicated to quality care and service.

Introduction

The following is a list of health care providers in this area who are in the Cigna network. Some providers may have been added or removed from a network after this directory was printed. We do not guarantee that each provider is still accepting new patients. For current customers, always refer to your Cigna ID card for help to determine the name of your Cigna network and benefit plan or to identify the health care providers that are in-network for your plan. If you are a potential customer, please refer to the benefit plan and network names included in your enrollment materials. The information included in this directory is accurate, to the best of Cigna's knowledge, as of the date as listed on the last page of this directory. To get the most up-to-date information about the in-network providers in your area, use our online directory (www.cigna.com or www.mycigna.com) or call Cigna Customer Service at the toll-free number on the back of your Cigna ID card or 1.800.224.6224. Also, please check with the provider before scheduling your appointment or receiving services to confirm he or she is in Cigna's network.

Before joining the Cigna network, health care professionals must meet Cigna standards through a process called credentialing. We regularly review credentials to help ensure they continue to meet these standards.

Language Assistance and Access

Directory listings include languages other than English (if any), spoken by the health care professional (HCP) or by an office staff member who the HCP has identified as a qualified medical interpreter. However if you have difficulty understanding English, we offer language assistance and interpretation services at no cost to you. For help please call the Customer Service number on the back of your ID card. If you do not have or are unable to locate your ID card, please call 1.800.244.6224.

If you have a hearing or speech loss and use Telecommunications Relay Services (TRS) or a Text Telephone (TTY), dial 711 to connect with a TRS operator.

Si le cuesta comunicarse en inglés, ofrecemos asistencia de idioma y servicios de interpretación sin costo alguno para usted. Para obtener ayuda, comuníquese con el número de Servicio al cliente que figura en la parte de atrás de su tarjeta de identificación. Si usted no tiene o no puede encontrar su tarjeta de identificación, llame al 1.800.244.6224. Si tiene algún impedimento auditivo o del habla y desea usar el servicio de retransmisión de telecomunicaciones (TRS, por sus siglas en inglés) o un teléfono de texto (TTY, por sus siglas en inglés), marque 711 para comunicarse con un operador del TRS.

We expect our contracted providers to meet all applicable federal requirements for accessibility as specified in the Americans' with Disabilities Act (ADA) and its regulations. In general, the ADA requires that health care providers offer individuals with disabilities full and equal access to their health care services and facilities, however there can be some exceptions. In order to ensure a provider's location meets your own access needs please contact that provider directly before scheduling an appointment to obtain care.

Source of Information and Frequency of Validation

Dental health care professional information addressing specialty, dental office/practice affiliations, acceptance of new patients and languages spoken is obtained from an application that is completed and signed by the health care professional and/or through a third-party vendor. The information in this directory is not intended to be the only or primary means for selecting and evaluating a dentist or comparing dental professionals. It is not intended to be relied upon as advice, a recommendation or an endorsement about which facility or provider to select or the quality of the dental treatment that you receive from a facility or provider. You are solely responsible for any and all decisions with respect to your dental treatment. Never disregard, avoid or delay in obtaining dental advice from your provider or other health care professional because of something that you have read in this directory as is not intended to be a substitute for professional dental advice.

CIGNA DENTAL CARE PATIENT CHARGE SCHEDULE

This Patient Charge Schedule lists the benefits of the dental plan, including covered procedures and patient charges.

Important highlights

- › This Patient Charge Schedule applies only when covered dental services are performed by your network dentist, unless otherwise authorized by Cigna Dental as described in your plan documents.
- › This Patient Charge Schedule applies to specialty care when an appropriate referral is made by your network general dentist to a network specialty endodontist, periodontist or oral surgeon. A referral is not required for specialty care at a network specialty pediatric dentist or an orthodontist. To select a network pediatric dentist for your child under the age of 13, call customer service at **888.SOG.0099 (888.764.0099)** or **800.Cigna24 (800.244.6224)** to get a list of network pediatric dentists in your area. Coverage for treatment by a pediatric dentist ends on your child's 13th birthday; however, exceptions for medical reasons may be considered on an individual basis. Your network general dentist will provide care upon your child's 13th birthday.
- › Procedures NOT listed on this Patient Charge Schedule are NOT covered and are the patient's responsibility at the dentist's usual fees.
- › The administration of IV sedation, general anesthesia and/or nitrous oxide is not covered except as specifically listed on this Patient Charge Schedule. The application of local anesthetic is covered as part of your dental treatment.
- › Cigna Dental considers infection control and/or sterilization to be incidental to and part of the charges for services provided and not separately chargeable.
- › This Patient Charge Schedule is subject to annual change in accordance with the terms of the group agreement.
- › Procedures listed on the Patient Charge Schedule are subject to any frequency limitations included with each listed procedure as well as plan exclusions included at the end of this guide. For complete details of coverage, refer to your plan book/certificate of coverage and/or group contract.
- › All patient charges must correspond to the Patient Charge Schedule in effect on the date the procedure is initiated.
- › The American Dental Association may periodically change CDT codes or definitions. Different codes may be used to describe these covered procedures.
